Ideas for Participation:

Fingerplays and action rhymes help your child learn new words through rhythm and repetition. In addition, fingerplays will improve your child's motor skills and coordination. Practice the fingerplays and action rhymes between stories to keep your child's attention and to enhance the storytime experience.

The Bunny

Across the frozen hills I walked
And through the drifted snow.
A bunny hopped across my path,
I stopped and watched him go.
At first he hopped,
And then he stopped,
And then he looked at me;
Then hopped, hopped, hopped
Across the snow
As fast as fast could be

Flippity Flop

Filippity flop! Flippity flop!
See how cute
Little bunny can hop. (Hop around like bunnies)
Flippity flop! Flippity flop!
You're making me dizzy,
So please, won't you stop.
(On 'stop', stop hopping and 'freeze' in position.

The Little Bunny

A fat little bunny with ears so tall,
(put hands on head like ears)

And two little eyes-just this small.
(point to eyes)

Went hopping along to get some lunch.
(pretend to hop)

He found an carrot- crunch, crunch, crunch.
(pretend to eat a carrot)

While he was having so much fun,
CRASH went a noise! He started to run!
(clap when you say "crash")

All you could see as he went racing by,
(hand over eyes like looking in the distance)

Was his powderpuff tail waving good-bye!
